Subject: Supercharge Your BrassRing Experience with the JobTarget Integration

Preview Text: Make the hires you need to power your business

Hi {{first name}},

We've partnered with JobTarget, a talent recruitment platform that leverages automation, data, and industry expertise to get your job ads in front of the right candidates efficiently and effectively. JobTarget is a platform designed to help you find the best sites to advertise your jobs and maximize your budget.

Through the BrassRing integration with JobTarget, you can:

- Post to 25,000+ job sites

- Completely automate your job advertising with Programmatic

- Search resume banks for passive candidates

- Automate your compliance with the OFCCP (for Federal Contractors and Subcontractors)

- Access custom recruitment data reports unique to your business and goals

- Leverage JobTarget's recruitment and media experts

Learn more about everything JobTarget has to offer here. [LINK: https://hubs.li/Q02RdrsJ0]

Ready to get started?

1. Open an active job in BrassRing. Go to the "More" dropdown and choose "Posting Options".

2. Scroll to "Other posting options", click the pencil icon to choose the Job Apply URL and your Easy Apply Options. Click "Submit" to activate your JobTarget account

3. You'll be redirected to JobTarget to choose where you want to post.

As a BrassRing customer, you also get free access to JobTarget's recruitment experts to answer all your questions and even help you build an advertising strategy to meet your hiring goals.
