Advertise Your Job

Navigate to an **active** requisition within your ATS or create a new one you'd like to advertise.

How it works

1. **Open the requisition:** Go to the list of all active jobs within Abylworks.
2. **Access JobTarget:** Click the *JobTarget Job* button at the top to select the job you are looking to advertise.
 - If the job is not active or on JobTarget, you will edit the job and select the JobTarget Platform Setting to sync to JobTarget to advertise. Here, you can utilize the [Marketplace User Guide](#) for further assistance.

Edit a Job Advertisement

Make changes to how your job advertisement is posted. Avoid stopping a job advertisement to edit the job; simply update the job within your ATS.

How it works

1. Access the job requisition within Ablyworks

- Make any changes within the specific job and save within your ATS.

2. Updates

- JobTarget will send the job advertisement changes to the job boards within 24-hours.

Stop Your Job Advertisement

There are a few different options for removing your job ad from the job boards you've posted.

How it works

• Within Ablyworks

- Update the job's status to closed or deleted within Ablyworks, which will remove it from the job boards it is posted to.

• Within JobTarget

- Access JobTarget via Ablyworks and stop the job ad(s) individually if you are not looking to adjust a status in Ablyworks.
