

JobTarget Intelligence

Recruitment data for smarter hiring

Take the guesswork out of recruiting. JobTarget Intelligence gives you the customized data you need to get context, clarity, and insights to make confident, informed decisions about your job ads.

JobTarget Intelligence helps you:

- Benchmark your recruiting efforts
- Optimize your job ad strategy
- Stay competitive and win top talent

Key Features

Market+

Get a full view of your industry and local market, including job ad performance metrics like time-to-hire, repost frequency, and compensation visibility.

Competitor+

Compare your performance with specific competitors, including job titles, salaries, and hiring timelines, to identify strengths and uncover opportunities.

One Stop Hub for Recruitment Analytics

Access JobTarget Intelligence reports directly within Report App giving you access to your own performance data and industry insights, all in one place.

Recruit faster, spend smarter, and hire better with actionable insights that help you stay ahead of the competition.
